GPSB

OEM shark fin styling

GPS, 2G/3G/4G cellular & 2.4/4.9-6GHz in one housing

Heavy duty design for optional VHF or UHF whip

The GPSB provides antenna coverage for multiple technologies within one antenna housing. Trusted by public safety, utilities and transportation companies all over the world the GPSB sets the industry standard in functionality.

The GPSB offers three internal antenna systems, GPS, 2G/3G/4G cellular, dualband WiFi/WiMAX and an optional whip mounting for VHF or UHF whips.

Requiring only a single hole fixing, the GPSB reduces vehicle damage, cost of installation and visual impact whilst protecting vehicle resale value.

The OEM shark fin style design provides multiple antenna functions while remaining discreet.

The GPSB is suitable for the public safety (covert and discreet), industrial and transportation sectors, where a cost effective, efficient and robust antenna is essential to the application.
