Step 1: Unclip the gear lever panel.

Step 2: Locate the bracket with the left hand square plastic guide escutcheon and pull tightly towards the console so that the folded arms grip securely.

Step 3: Use a self tapping screw via the pre drilled hole in the bracket for stability, if required.

Step 4. Refit the panel.

Co-Star/Dashmount will not be liable for any damage caused to a vehicle in executing the fitting of the bracket
