

CO:STAR*

71044, In-Car Mounting Bracket for Discovery/Range Rover - 2005-2009

- Unclip the plastic edge trim on the left of the centre console
- Locate the bracket with the upper of the two Torx screws adjacent to the audio controls, and the plastic lug below. Refit the screw via the aperture in the bracket plate. A longer screw maybe required to engage the thread properly
- Refit the panel
