

71466, In-Car Mounting Bracket for Ford Focus - Vent Mount - >2004

- Unscrew the screws located in upper right corner of instrument cluster.
Pull the panel slightly out
- Push the bottom arm in under the instrument housing and the upper arm over the top edge
- Push the cluster bezel gently in while adjusting the Dash Mount. Align so that the screw hole match the hole in the arm
- Insert the screws and tighten properly
